Project 206

A Great
Bones
Adventure

April 8 & 15, 2023

THEATRE ACROSS BORDERS

Theatre Across Borders creates theatre in unexpected places throughout the Pikes Peak region in order to connect, inspire, and grow together.

www.theatrecrossborders.com

Created by Kids. Approved by Science.

This spring, TAB partnered with District 11 and Martinez Elementary School. Students developed the plot, setting and characters for this play while learning about the skeletal system through dance, puppetry, acting games and creative problem-solving.

The actors then embarked on a 20-school tour across the district. Many kids in the audience had never seen a play before.

10% of Theatre Across Borders' profits go to Martinez Elementary.

Project 206: A Great Bones Adventure

Cast

Gavin the Explorer.....	Sean Verdu
Dr. Noches.....	Cassidy Forrest
Sarah Gillis.....	Katy Williams

Production

Director.....	Melissa O'Rear
Fight Choreographer.....	Sean Verdu
Visuals and Props	Katy Williams Design
Set Build.....	Joe O'Rear

Thanks to Our Amazing Sponsors!

Sean Verdu (Gavin) is stoked to be returning to work with Theatre Across Borders. Other credits include: *Push, Pull, Split, Spin* (TAB), *Aesop-A-Be-Bop* (MAT), *Androcles and the Lion* (FAC), *The Tempest* (Theatreworks), *A Christmas Carol* (Corbett Theatre, London). Sean is an adjunct theatre professor at PPSC and received his Masters of Fine Arts in Acting from East 15 Acting School in London. He would like to thank his partner and child for having the most love and patience.

Cassidy Forrest (Dr. Noches) is so excited to play her first villain! She has been doing theatre most of her life and is delighted to work with Theatre Across Borders again after her debut in *Ghost Fish*. From an Australian explorer to definitely-not-a-spy, TAB has given her opportunities to try new and exciting things. She has also worked with Sunrise Players, Iron Springs Chateau and SET. Her goal is to one day make theatre a life-long full-time career. I'd tell you more, but that's CLASSIFIED!

Katy Williams (Sarah Gillis) is a puppeteer, fabricator, producer, director and owner of Katy Williams Design. Her mission is to spread the joy and accessibility of puppetry in the Rocky Mountains. Recent projects include *Snowy Tales* and *Winter Wonders* (Theatreworks) and *The Shadows of Sleepy Hollow*, an immersive, outdoor shadow play. Katy started the Rocky Mountain Puppet Slam in 2018 and Puppet Palooza in 2019. Stay connected to Katy on Instagram and at katywilliamsdesign.com.

Melissa O'Rear (Director) is a theatre educator who has spent 20 years creating safe spaces for artists of all ages. She taught in NYC, Chicago, D11 and at The Colorado Springs School. A graduate of NYU and Lawrence University, Melissa loves partnering with local theatres and arts groups. She founded Theatre Across Borders in 2020. Melissa is an adjunct faculty member at UCCS where she teaches arts integration.

Theatre Across Borders produces original plays for children and families. This is their second "Science to Stage" program, following *Push, Pull, Split, Spin* in 2022. TAB also stages plays on local trails, including *Ghost Fish* (2022) and *Magic of the Marsh* (2020).
